M-40 Lubricant

Universal Aerosol Lubricant

450 ml

SILICONE-FREE

DIELECTRIC

PENETRATING

450 ML

DESCRIPTION

MANNOL M-40 Lubricant is a universal (penetrating, cleaning, anticorrosive, moisture-displacing, anti-squeaking, etc.) aerosol lubricant – an analog of WD-40. It has unique lubricating and protective properties and has a wide range of applications.

Ideal for professional and home use. It is a highly effective mixture of fast-penetrating active solvents and oils.

PRODUCT PROPERTIES

- | | |
|--|---|
| <p>01 Has excellent cleaning properties. Cleans and easily removes grease, dirt, bituminous stains, glue residues, etc. from most surfaces, forming a protective layer;</p> | <p>02 Covers the surface, preventing the appearance of moisture even in the micro-roughness of the metal;</p> |
| <p>03 Has good lubricating properties, reduces friction, ensuring smooth running of joints and other moving parts of mechanisms, while not leaving greasy and sticky traces;</p> | <p>04 Has excellent moisture-repellent and moisture-displacing properties. Displaces moisture and forms a protective barrier against dampness. Protects rubber seals, plastic linings, plugs and other contact surfaces from freezing;</p> |
| <p>05 Has excellent penetrating properties, penetrating into jammed, rusted or frozen joints and mechanisms, frees them, facilitating the process of dismantling rusted elements;</p> | <p>06 Excellent protection against corrosion and oxidation;</p> |
| <p>07 It is a dielectric, thus protecting electrical equipment, preventing short circuits and current leaks. Helps start the engine covered in moisture;</p> | <p>08 Does not contain silicone, so it does not leave a sticky or greasy layer on the surface, so it does not attract dust and dirt;</p> |
| <p>09 Removes vegetable juices, resins, adhesives, stickers, sticky labels and tapes from surfaces without damaging paint coatings;</p> | <p>10 Suitable for removing insect tracks from car, can remove chewing gum from carpet.</p> |

EXAMPLE OF USE

Gears, chains, lightly loaded bearings; metal and plastic rubbing the surface; all types of fasteners and threaded connections: quickly destroys rust and oxides inside them providing easy disassembly of fasteners, allowing you to quickly and without damage to disconnect stuck, jammed metal parts.

Rubber seals, plastic linings, caps; for preservation of metal surfaces; garden equipment, tools and equipment; moving metal components, any of the rubbing parts and components.

Door locks and hinges (eliminates creaking). Can be used as a lock defroster; power tools and electrical equipment; terminals and electrical connections. Wires, electrical contacts. Prevents oxidation of the contacts.

* SHELF LIFE: 5 YEARS.

MANNOL M-40 Lubricant

450 ML

COMPATIBILITY & APPLICATION

Compatibility: compatible with all types of lubricants. It is safe for metal, rubber, wood, plastic elements and varnished surfaces.

Application: Clean and degrease the surface. For degreasing, we recommend using MANNOL Brake Cleaner 9691. Spray at a distance of 20 cm and let it soak in. Excess can be removed with a clean cloth.

Shelf life: 5 years.
